**Oklahoma Oil & Gas Association congratulates Murphy on re-election**

(July 13, 2016) The Oklahoma Oil & Gas Association congratulates Commissioner Dana Murphy on her re-election to the Oklahoma Corporation Commission.

“As a former geologist, Commissioner Murphy brings valuable knowledge and industry experience to the Corporation Commission. She is uniquely qualified to address issues facing the industry in Oklahoma,” said Chad Warmington, OKOGA president.

“OKOGA looks forward to continuing to work with Commissioner Murphy to ensure that Oklahoma’s oil and natural gas resources are developed in an environmentally and commercially responsible way,” Warmington said.
